Thursday - 20 August 1970

2. (Secret - GLC) I advised Bill Woodruff, Counsel, Senate Appropriations Committee, that Tuesday, 25 August, was the only day next week we could brief the CIA Appropriations Subcommittee. Woodruff said he would check this out and be back in touch with me.

3. (Unclassified - GLC) Talked with the staff of Representative William E. Minshall (R., Ohio) about Mr. Maury's meeting with the Congressman before his departure for his trip to Korea. His secretary said the Congressman is presently on a fishing trip but she expects that he will return to Washington some time between now and the 30th of the month which is his tentative departure date for Korea. They expect to talk to Mr. Minshall on Monday and will let us know when it will be convenient for him to see Mr. Maury.

4. (Unclassified - GLC) Talked with [] NSA, about the Moss Subcommittee inquiry on telephone monitoring. I told [] that we had prepared a response along the same lines as the one given the Subcommittee in 1961 and gave him a reference to the Committee report containing that response.
